Purpose:

University Prep is committed to developing effective educators. University Prep also believes that all teachers should be held accountable for the objectives and outcomes they can influence. As a result, University Prep will provide extensive support to help teachers meet their objectives and enhance themselves professionally. All University Prep teachers are expected to actively participate in a process of continuous improvement and reflection by being open to feedback and by using the resources and tools that University Prep provides.

Evaluations are part of an ongoing, year-round process in which a teacher will discuss performance issues with his or her administrator. Specifically, the evaluation will evaluate the teacher’s current level of performance, progress made since the last review and establish goals for the next evaluation. The evaluation helps ensure that both the teacher and his/her administrator understand their respective roles in assisting and supporting the teacher to achieve his/her career goals.

Two Track System:

All teachers will be evaluated using a process of systematic appraisal of performance based on the Danielson Standards. There will be two available tracks depending on years of teaching experience and expertise as defined by the school site principal.

Track I is for newer teachers to the profession who need to focus on the Danielson Standards.

Track II is for more experienced teachers who will focus more on professional growth. To be eligible for Track II, a teacher must have earned either “Effective” or “Highly Effective” on all Danielson Standards. In order for a teacher to be on Track II, the teacher and immediate supervisor must mutually agree on Track II placement by September 30. The two tracks are described in more detail on the following pages.

General Provisions:

The following apply to all teachers on both Track I and Track II.

- Each teacher shall be observed informally a minimum of two times prior to each formal evaluation.
- Track I teachers will be formally evaluated at least twice each school year, the second time being at least fifteen working days prior to the end of the school year. If there are only two formal observations, both formal observations for Track I teachers may occur in the second semester. Track II teachers will be evaluated once a year, at least fifteen days prior to the end of the school year. Ten working days notice shall be given for a formal observation unless a date is mutually agreed upon by the teacher and supervisor. Formal observations shall be preceded by a pre-observation conference at a date chosen by the teacher and followed by a post-observation conference within ten working days.
- Informal Observations - Three (3) informal observations shall count as one (1) formal observation if:
 - * All informal observations must be at least twenty (20) minutes in length.
 - * Two (2) informal observations must take place prior to the three (3) informal observations that shall count as one (1) formal observation.
 - * Each informal observation which shall be counted as part of a set of three (3) shall be followed within two (2) business days by written feedback. The written feedback shall include a statement that the informal observation shall count as part of the set. Another informal observation shall not occur until this written feedback has been submitted.
 - * A post-observation conference after the three (3) informal observations that shall count as one (1) formal observation.
 - * Track II teachers shall have the option whether they would like to have three (3) informal observations that count as their one (1) formal observation. Track II teachers shall make this determination by September 15th and review their Track II assignment with administrators.
 - * Track I teachers shall only have three (3) informal observations count as one (1) formal observation per school year. If the first formal observation results in an effective or highly effective rating in all competencies rated, (3) informal

University Prep Charter High School Teacher Evaluation System

observations shall count as the second formal if mutually agreed upon by the principal and teacher

- All Track I teachers are required to complete the Portfolio and create a Curriculum Binder. The portfolio is for professional development. The Principal will give feedback within thirty days after the portfolio is submitted.
- All Track II teachers are required to complete the Portfolio and Curriculum Binder or Professional Growth Plan, as determined by the supervisor.
- Both Track I and Track II teachers may request additional feedback from the administration on their Curriculum Binders during the school year. Such feedback will be provided within thirty days except in the case of reasonable delays.
- If during any teacher observation, an administrator determines that a teacher is either Developing or Ineffective on any of the standards defined by the Danielson Standards, a development plan may be created to help foster teacher growth.
- The **development plan** shall include the following:
 1. Areas of growth, where specific improvement is needed and supporting evidence;
 2. Specific suggestions for improvement;
 3. Resources to be utilized to assist with the improvement; and
 4. The means by which improvement will be measured.
- If, after a minimum of forty five working days has been given for the teacher to improve as specified in the development plan, and there is no evident progress based on the areas of growth identified in the development plan, a forty five school day improvement plan shall be developed.
- The **improvement plan** must include (but is not limited to):
 1. Areas of growth, where specific improvement is needed and supporting evidence;
 2. Specific recommendations for improvement;
 3. Resources provided to assist with the improvement;
 4. The means by which improved shall be measured; and
 5. A reasonable date for achieving the specified improvement(s).
- The principal will take affirmative action to give support to help the teacher correct any cited deficiencies. Such action shall include specific recommendations for improvement, direct assistance in implementing the recommendations, and adequate release time for the teacher to visit and observe similar classes in other University Prep schools.
- Any teacher receiving a “Developing” or “Ineffective” rating shall be given an improvement plan.
- In the event a teacher on an improvement plan has not improved their performance to at least Effective, University Prep may terminate and/or not re-hire for the following year. In this case, the following procedures will apply:
 1. The teacher will be given written notice of the termination on or before April 15th of that school year;
 2. The notice shall include the reason for the action and notification of an opportunity to appeal, pursuant to Articles 4 and 5 of this Agreement.

Unit Portfolio and Curriculum Binder Creation

This binder and portfolio are designed to give you the opportunity to showcase your best units. They will document all progress towards achieving goals and your progress towards the Danielson Standards through the creation of a yearly curriculum binder that includes, but is not limited to, the NYS standards, course syllabus, and all daily lesson plans. In addition this binder and portfolio will assist with the development of curriculum across grade levels, contents and build our school's collection of best units.

Portfolio Guidelines

Each teacher is to make a portfolio presentation in one of the following content areas with one of the following products. Teachers shall choose one content area and one product by October 15. Teachers new to University Prep shall consult with the

administration before making their choices.

Content Choices:

1. Teachers may conduct a Lesson Analysis of one 90-minute or 50-minute lesson that they believe has significant room for improvement. In this analysis, teachers must show the strengths of the lesson and at least three areas of growth with specific examples from the lesson. When presenting to the entire faculty and at least one administrator for 20 minutes, teachers should provide background information and context for the lesson, the teacher's objective and purpose of the lesson, and student achievement results from the lesson to directly support the teacher's reflections from the lesson analysis.

2. Teachers may conduct a Unit Analysis of one 2 or 3-week unit that they believe has significant room for improvement. In this analysis, teachers must show the instructional strengths of the unit, instructional weaknesses of the unit, and a plan for improvement when teaching this unit in the future. When presenting to the entire faculty and at least one administrator for 20 minutes, teachers should provide background information and context for the unit; the teacher's purpose, essential questions, and objectives from the unit; and student achievement results from the unit to directly support the teacher's reflections from the unit analysis.

Unit Analysis Guidelines

- Select a unit for your portfolio.
- Review your selected standards for focus.
- Collect lesson plans, standards, and samples of student work for reflection.
- Organize artifacts into categories identified below.
- Write reflections and answer questions.

The contents of this analysis include:

-Description or timeline of where the unit fits into school year plan

-Reflection- prior to teaching the unit

Why did you choose this unit?

What do you hope to achieve?

How does this unit fit into your year of instruction or the bigger picture?

Do the skills being taught in this unit connect to the next unit?

-Outline of Unit

-Description of unit

-Essential questions

-Standards to be met

-Leadership standards to be met

-Measurable outcomes –

-Into/ Through and Beyond lesson plans*

-Bibliography of resources

-Copies of student assignments/ rubrics

-Student work samples

-Reflection- after teaching the unit

Did the completion of this unit meet your goals? Did it go as you expected?

How would you address this unit in the future?

What recommendations do you have for someone to replicate this unit?

-Connection towards standards

Which standards were your selected focuses for the year?

What evidence of progress towards each standard is reflected in your portfolio?

3. Teachers may conduct an Intervisitiation Analysis using a minimum of ten intervisitations of at least 15-minutes of colleagues across various grade levels and departments at the school. Each intervisitiation must record the teacher's objectives, an explanation of the areas of instructional strength within the lesson, an explanation of the areas of instructional improvement within the lesson, and a suggested action to remedy each area of instructional improvement for the future. Teachers must provide this information to the observed teacher. When presenting privately to at least one administrator for 20 minutes, teachers should provide background information and context for each intervisitiation as well as what the teacher may incorporate in his/her teachings based on the intervisitations. The only product option here is to turn in the intervisitiation write-ups which are non-evaluative.

Product Choices:

For content options 1 and 2, teachers must present information using a Microsoft PowerPoint or SmartBoard Notebook file. As part of the presentation to the faculty and at least one administrator, teachers should provide an additional product.

The product options are:

1. A 5-minute video clip of strong or weak instruction from a lesson that serves as an example of an instructional practice highlighted in the presentation. The videotape of the entire lesson will be turned in to an administrator at the end of the presentation. The videotape itself is non-evaluative. The reflections from the videotape are evaluative.
2. A 5-minute demonstration of a strong student-centered activity within a lesson.
3. A portfolio of student work from a highlighted instructional activity that includes written teacher feedback and serves as a point of reflection. This student work will presented to the faculty and will be turned in to an administrator at the end of the presentation.

Track II
Evaluation Process for Experienced Teachers

This option is available for experienced teachers who have demonstrated mastery of the standards and who a principal feels can benefit from more varied growth opportunities. The minimum requirements for a teacher to enter this track are:

- Teachers with less than four years of overall teaching experience who have completed three years of teaching within UPCHS.
- Teachers with at least four years of overall teaching experience who have completed at least one year of teaching within UPCHS.

Goals of Track II:

- To provide teachers with the opportunity to engage in their own development and to provide choices for how that development will take place.
- The purpose of this track is to provide a structured, supportive, and collaborative environment to promote professional learning that will enhance the teacher and school while enhancing student learning.

Elements of Track II:

- Teachers are formally assessed once a year by an administrator.
 - No later than September 30, the administrator will present teachers with the following options for all “experienced teachers”:
 - o Continuing with a Track I Portfolio
 - o Collaborating with other Track II teachers to create an Action Research Group
 - o Develop an individual research project.
 - o Devote time to helping with an intervention team or similar program targeted to improve student achievement.
 - o Student Study Portfolio- focusing on a specific student or sub group.
 - o Assist in professional development programs.
- **Teachers will submit their proposal for approval by October 31.

Professional Growth Plans:	Descriptions:
1. Action Research	<ul style="list-style-type: none"> - Individual or group of teachers - Identify a problem and develop a workable solution - Gather information and analyze data to determine the effects of the intervention - Report data and share insight with faculty
2. Curriculum Development	<ul style="list-style-type: none"> - Designing curriculum and analyze the impact on student learning - Deepening the curriculum—refocus curriculum to support engaging students in the work of the classroom, integrating into cross-curricular units, and developing new ways of better assessing students
3. Instructional Strategies Implementation	<ul style="list-style-type: none"> - Investigate particular strategies (cooperative learning, problem-based learning, inclusion activities, alternative classroom management techniques) - Implementation of strategy - Documentation and analysis of the effectiveness on student learning

University Prep Charter High School Teacher Evaluation System

4. Peer Consultation/Coaching	- Training of teams of teachers to use clinical supervision to help professional growth and development of instructional practices
5. Professional Growth Portfolios	- Collecting, displaying, and reflecting on a professional growth experience - Could also be a professional development event presented for site staff or across University Prep
6. Structured Professional Dialogue-Study Groups-Support Teams	- Small groups of teachers gather together regularly to hold focused discussions of a current development in education - Examine a school-based teaching or learning issue - Develop an individual or team-based professional development plan

Each Growth Task will be product based. The product may consist of a staff presentation, portfolio, report, etc. Each Track II teacher will need to complete a Project Component and Timeline Sheet prior to October 31st. Administrators will play a role in defining the product and establishing goals for the teacher. Administrators will also meet with teachers once a quarter to discuss development and progress of the Growth Task.

Considerations may be made for mentor teachers, department chairs, and grade level leaders. Teachers in these positions should be classified as Track II teachers by the time a school is in their 6th year of operation. The roles require extensive work and may be considered Growth Tasks. Work in these areas should be monitored by Administrators and the individuals involved should document their work as agreed upon by the teacher and administrator.

Culminating Assessment:

At the end of the year teachers will reflect on their progress and achievements. Administrators will meet no later than 15 working days prior to the end of the academic school year with the teacher to share the feedback from the formal observations as well and discuss possibilities for next year. In lieu of this assessment, the Track II teacher and administrator may agree to have the teacher complete a Track I portfolio and curriculum binder.

Project Component Sheet can include:

- Project Description
- Goals of the Project
- Resources Needed
- Presentation format
- Indicators of Progress
- Timeline

Leaving Track II:

After a series of below standard informal observations, a Track II teacher may be reverted back to Track I if any of the ratings do not meet the standard. In addition, an administrator may at anytime move a teacher back to Track I at their discretion.

Summary of Project:

Goals of Track II:

1. To provide teachers with the opportunity to engage in their own development and to provide choices for how that development will take place.

How did your project help you to develop as a teacher/leader?

2. The purpose of this track is to provide a structured, supportive, and collaborative environment to promote professional learning that will enhance the teacher and school while enhancing student learning.

How did your project help you to enhance your classroom instruction or the instruction of others at your school site or across UPCHS?

Questions for Reflection

1. Did you meet the goals of your project?
2. What insight was gained from your project about teaching practices and instruction?
3. How did others and you benefit from the project?
4. What are the areas of strength or areas for improvement that you have identified through your research/development?

Strengths

Areas of Improvement/Change

Counselor Evaluation

The following applies to all counselors.

Counselors shall receive a formal evaluation twice each school year. One evaluation will occur at mid-year, one at the end of the school year. The administration will meet with all counselors at the beginning of the year to review the required indicators and documents and to identify any school-wide priorities for the year. Both the mid-year and the final evaluation will consist of a Highly Effective, Effective, Developing, or Ineffective rating for each counselor on each of the attached list of indicators; the final evaluation will also include a final overall rating of Highly Effective, Effective, Developing, or Ineffective based on their performance on the indicators below for the entire school year.

Counselors will receive ratings for each indicator which the administration has been able to observe through professional contact or through the means described below over the course of the school year. Any indicators which cannot be observed or documented over the course of the year, or which are not applicable (for example, in regard to the college counselor), will not be rated.

Non-college-counselors are required to submit the following documents over the course of the year monthly:

- Counseling logs
- Grade talk notes
- Kid talk notes
- Homework sheets
- Advisory communication documents

The college counselor is required to submit the following documents over the course of the year:

- Student logs
- Parent logs
- Spreadsheet of students who applied to SUNY and CUNY colleges
- Spreadsheet of college representative visits to schools.
- Spreadsheet of students who completed FAFSA forms
- Spreadsheet of students and the colleges they plan to attend

- If during the course of a supervisor's professional contact with a guidance counselor, the supervisor observes practice that is ineffective or developing on a single indicator or multiple indicators below, the supervisor shall promptly notify the counselor either verbally or in writing.
- If the administrator determines that a counselor has a pattern of Developing or Ineffective practice a development plan shall be created to help foster counselor growth. Counselors shall receive reasonable clarifications and additional resources to support development plans and improvement plans upon request. A pattern of Developing or Ineffective practice is defined as three or more examples of Ineffective or Developing practice on a single indicator or multiple indicators during a school year.

University Prep Charter High School Teacher Evaluation System

- The development plan shall include the following:
 1. Areas of growth, where specific improvement is needed and supporting evidence;
 2. Specific suggestions for improvement;
 3. Resources to be utilized to assist with the improvement and who will provide them;
 4. The means by which improvement will be demonstrated and measured
 5. A reasonable and mutually agreed-upon date for achieving the specified improvement(s).

- If, after a minimum of forty five days has been given for the counselor to improve as specified in the development plan, and there is no evident progress based on the areas of growth identified in the development plan, a forty five day improvement plan shall be developed.
 - The improvement plan must include (but is not limited to):
 1. Areas of growth, where specific improvement is needed and supporting evidence;
 2. Specific recommendations for improvement;
 3. Resources provided to assist with the improvement and who will provide them;
 4. The means by which improvement shall be demonstrated and measured; and
 5. A reasonable and mutually agreed-upon date for achieving the specified improvement(s).

The principal will take affirmative action to give support to help the counselor correct any cited deficiencies. Such action shall include specific recommendations for improvement, direct assistance in implementing the recommendations and identification of who will provide the assistance, and adequate resources for achieving the improvement, such as release time for the counselor to observe best practices by other counselors in University Prep or other schools, professional development based on individual needs, and scheduled time for counselors to collaborate with colleagues who are on a CDP or CIP. If counselor collaboration is included as part of a CDP or CIP, counselors who will provide this resource to a counselor on a CDP or CIP shall schedule at least 30 minutes per week for this collaboration (barring emergencies or other urgent matters which conflict with collaborative time).

- Any counselor receiving a “Developing” or “Ineffective” final rating shall be given an improvement plan.

- In the event a counselor on an improvement plan has not improved their performance to at least Effective on the indicators subject to the CIP, University Prep may terminate and/or not re-hire for the following year. In this case, the following procedures will apply:
 - a) The counselor will be given written notice of the termination on or before April 15th of that school year;
 - b) The notice shall include the reason for the action and notification of an opportunity to appeal, pursuant to Articles 4 and 5 of this Agreement.
